

still my favourite time – katie bee

on first of December I always start to play
all those lovely Christmas songs 'bout a happy holiday
they are telling me stories about sleighs in the snow
I dream along and I really d'like to know

how comes that Christmas
is still my favourite time of year?
and I'm just smiling away those lonely little tears
how comes that Christmas
is still my favourite time of year?
when there is nothing of all this happiness and cheer
for me - not for me

when I was a little girl, every year on Christmas Eve
my Daddy used to tell us that it's important to believe
that next year in December, we still will be together
but we all knew that nothing lasts forever

how comes that Christmas
is still my favourite time of year?
when I'm just smiling away those lonely little tears
how comes that Christmas
is still my favourite time of year?
when there is nothing of all this happiness and cheer

for me, I long to be the one who's driving home for Christmas tonight

by living in the past, I get to miss our special moments
and today I want to thank you for your incessant patience
I always will remember and I never will forget
and finally I realize, I'm so thankful that we've met

and that's why Christmas is still my favourite time of year
'cause there is you now
We're sharing happiness and cheer
so this is Christmas, forever my time of the year
always remembering my family and you, you my dear

on Christmas – thank you, dear
on Christmas
